Jim,

The Army's 4/29/20 responses to EPA's 4/14/20 responses to the Army's RTC on the PFAS Phase 2 ESI Tech Memo, both of which are contained in an attachment to your 4/29 email below, are acceptable.

Good luck with the work. Stay healthy and safe.

Bob

Bob

Please see attached response to EPA comments on PFAS. Please let the team know if these responses are acceptable to EPA.

Team is working to get field crews out in the field in the late May timeframe or early June.

Hope you are all safe and healthy.
